Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

Election/Restrictions

Applicant's election of Group I (claims 1-15) with traverse in response to the Office Action mailed on 09/29/2006 is acknowledged.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-15 are rejected under 35 U.S.C. 102(b) as being anticipated by Elan Pharma (Zonisamide Approvable Labeling, Published 03/27/2000).

Elan Pharma teaches, "**Zonegran™ (zonisamide) is an antiseizure drug** chemically classified as a sulfonamide and unrelated to other antiseizure agents." (See page 1, Lines 3-4). "**Zonegran** is supplied for oral administration **as capsules** containing **100 mg zonisamide**." (See page 1, Lines 10-11). "Start with one Zonegran capsule each day (100 mg). Swallow the capsule whole." (See page 23, Line 4). "After a week or so, your doctor may increase your dose of Zonegran. This may occur more than once. It is done to get the best control for your seizures. Take only the number of Zonegran capsules you were told to take." (See page 23, Lines 6-8). Elan Pharma further teaches, "The most **commonly observed adverse events associated with the use of Zonegran** in controlled clinical trials that were not seen at an equivalent frequency among placebo-treated patients were somnolence, **anorexia**, dizziness,

headache, **nausea**, and agitation/irritability.” (See page 14, Lines 14-17). “**Contact your doctor right away if: ... you develop** signs of kidney stones (sudden back pain, **abdominal pain**, blood in your urine) ...” (See page 24, Lines 5-9). Therefore, the instantly claimed invention is anticipated by the teachings of Elan Pharma.
